

Homework

- All homework should have a proper heading including:
 - Your name
 - The date
 - Your normal class period (M-Th)
 - The homework number, question numbers, and pages

- Write out the question as well as your answer, or include the details of the question in your answer.:
 - If you don't write out the question or include the details of the question in your answer, the homework will be useless for study later on.
- Answer in full sentences, or, for calculations, show work.

Following the procedures above will make your homework a useful study tool!

- All homework must be completed by the Tuesday following the week in which it was assigned. If class does not meet on that Tuesday it will be due the next day that class meets. Any time after the due date, you may have a homework quiz. If your homework is done, it's *easy!!!* Just copy your answer from your notebook.
